**Boil Water Notice Rescinded
November 14, 2023**

On November 10, 2023, the Texas Commission on Environmental Quality required the Raywood public water system, PWS TX1460006, to issue a Boil Water Notice to inform customers, individuals, or employees that due to conditions which occurred recently in the public water system, the water from this public water system was required to be boiled prior to use for drinking water or human consumption purposes.

The public water system has taken the necessary corrective actions to restore the quality of the water distributed by this public water system used for drinking water or human consumption purposes and has provided TCEQ with laboratory test results that indicate that the water no longer requires boiling prior to use as of November 14, 2023.

If you have questions concerning this matter, you may contact Frankie Espree at (936) 776-2981 or John Lee, Innovative Utility Operations at (832) 649-1996 with questions related to this repair.
